

Our Story

The NIRVANA Club Village (originally GAMMATOUR), was founded by one of the ideas of Mr. CARLO PANZIERA that in 1978 through the beautiful and unspoiled beaches of Calabria decided to enhance and make them known to all. The first brick of a long adventure was laid on 15 March 1980 for the construction of 2 blocks of apartments for vacation (incidentally provided the economy was minimal, when there was). Remains open as Residence and Camp for 12 years, until the turning point in the service that brought him to change the name in NIRVANA Club Village and to competing with the big Italian Resort.
